

# Swedens most MTB-area

## 19. Around Funäsdalssjön

### Green. 11 km

Start out from Risnäsets car park and turn left onto Tullvägen och go south. Turn left at first crossroad and pass Lillåns channel.

Farms located along the road is called Sörmsjön and is of relatively late date. In the mid 1800s was the only connection from Funäsdalen to row across the lake or go on the ice. One of the chalets is called Getvallen and got its name for the only option was to bring the goats in the boat from yard in Funäsdalen, the cows had to go to another chalet.

Continue asphalt road almost right up to the junction with the main road (RV) 84, turn left at the bicycle plate into a small gravel road, so you do not need to traffic on the highway. At Funån you will be on the asphalt again to turn left onto the road and into the gravel road at bike plates. Now's a bit of gravel road that eventually comes out in the main road again, turn left. After 150 meters on the asphalt turn on what one time was the old road that goes along the lake and follow it all the way to the hotel Funäsdalen. Stay at the resting places or take a dip in the swimming area as you pass.

The road continues past the hotel Funäsdalen until Funäsdalen center where you take the interstate down to the junction at Shell where you turn left and you soon arrive at Risnäsets parking.
