

Swedens most MTB-area

35 Tännäs, Fiskecentrum - Valmåsen.

Length: 15 km.

Difficulty: Green.

Park at Tännäs Fiskecentrum, Rogens Naturum

Turn left on road 311 and bike over Tännån, continue up the hill for a bit and turn right on first road. Continue along the water up to the main road 84 and turn left. Continue the main road to the first turn off to the right and go past the farms in Tjärnbräcka, continue straight on gravel road and pass the swimming area. The large lake on the right hand is Lossen and is Sweden's tenth largest hydroelectric installation. Along the road you can find information signs about the village Valmåsen that disappeared under the water.

After a few kilometers you turn left and up to road 84 again, turn left past the big crossroad and continue until you reach the road where you came up on the RV 84 and continue back to Tännäs Fiskecentrum.
