## 6. Bruksvallarna-Flon-Kölvallen.

**Length: 10 km**  
**Difficulty: Green.**

Start at the Hotel Bruksvallsliden , Bruksvallarna.

Park on the back of the hotel Bruksvallsliden. Bike at the Nordic Ski Center track, in the beginning you bike on a nice gravel road towards Funäsdalen (south). Do not drive on the gravel road that crosses the lake, instead you go a straight ahead on a small road. This route continues until Flon and offers really fun ride to Flon. When it has been raining a lot it may be a lot of water on the road.

If you want a real challenge and a good workout, we recommend that you fold to the right after 2 km on a detour to Kölvallen. Be aware so you do not miss the turning. Climb up to Kölvallen is really tough, but beautiful scenery above and the downhill journey on the road makes it well worth it!

When you arrive at Flon, you continue out to a bigger gravel road, turn left and walked across the bridge over Ljusnan. Once up at the main road, take the asphalt to the left towards Bruksvallarna and continue back to Bruksvallsliden.
